

REPEAT™

(REcyclable PolyEthylene Advanced Technology)

REPEAT™: 100% Recyclable Film

The Perfect Recyclable Packaging for Wet Wipes

- Suitable to be recycled in communities with existing PE film recycling stream
- Can be recycled like a standard Polyethylene bag
- Offers the properties, barrier & functionality of a standard multi-layer structure
- Enables the same level of convenience for the end-user
- Suitable for standard Flow-pack equipment
- Available as reels, pre made flat or stand-up pouches
- Can be reverse printed in Flexo, Gravure or Digital
- Ink coverage up to 150%
- Matt or Gloss surface
- Combination of Matt and Gloss

Key Benefits:

- ✓ 100% recyclable film
- ✓ Reverse printing
- ✓ Shelf appeal
- ✓ Clean look and feel
