

Labels

Smart, Sustainable
and Versatile

Labels are an essential part of every package – carrying brand identity, product information, and functional features. At Tadbik, we manufacture a wide portfolio of label solutions that meet the needs of food, beverage, cosmetics, and pharma producers worldwide. From pressure-sensitive and in-mold to booklet, reclosable and promotional formats, our labels are engineered with advanced technologies to deliver shelf impact, durability, and sustainability – tailored to the product and its application.

Key Benefits

Compliance

Clear, reliable labeling that meets regulations

Efficiency

Seamless integration into production lines

Trust

Durable, legible, and easy to remove when needed

Sustainability

Floatable, recyclable and compostable options

Flexibility

Booklets, coupons and reclosable formats for engagement

Label Type	Application	Key Features	Sustainability
Pressure-Sensitive	Bottles, jars, flexible packs	Beverages, food, cosmetics, pharma	Floatable PP with PET
In-Mold (IML)	Containers, tubs, lids	Dairy, spreads, household goods	Mono-material structures
Booklet & Leaflet	Multi-info packaging	Pharma, cosmetics, promotions, food	Reduces secondary packaging
Reclosable	Flexible & rigid packs	Fresh produce, snacks, deli	Waste reduction, extended usability
Promotional & Coupon	Campaign packs, limited editions	Cross-category consumer promotions	Compostable and recyclable options
